If you are interested in teaching within a learn to swim environment utilising the ASA National Plan for Teaching Swimming, this certificate is suitable for you. Achievement of this certificate will qualify you to operate as a teacher. It will provide you with the generic “how to teach” skills common to all disciplines together with a specific focus on Teaching Aquatics, covering a range of technical knowledge and practical skills that will allow you to plan, deliver and evaluate a series of consecutive sessions within the context of a self prepared scheme of work.
