Doping Control

- **As a condition of entry competitors agree if selected for testing to submit to Doping Control under the jurisdiction of British Swimming.**
- The Anti-Doping Rules of British Swimming apply to this event.
- Results management for any Anti-Doping Rule Violation will remain the responsibility of the applicable National Federation.
- The Anti-Doping Rules of British Swimming can be viewed at www.britishswimming.org or by writing to British Swimming Limited, Harold Fern House, Derby Square, Loughborough, Leicestershire, LE11 5AL
- All athletes under the age of 18 must complete and return the parental consent form included with this information.
- It is the responsibility of each athlete to comply with the Anti-Doping Rules of British Swimming while at this event. In addition, it is the responsibility of each athlete to submit to Doping Control at this event if selected for testing.

Athletes on the World Class Pathway are responsible for ensuring that they have a valid Therapeutic Use Exemption (TUE) to use any substance that is considered prohibited under the current World Anti-Doping Code Prohibited List.

International athletes attending will be required to conform to their own Governing Body procedures regarding TUE's.

Other British athletes entering the competition who are tested and require a TUE have 10 working days to apply through British Swimming/UK Sport for exemption. Any costs involved are the responsibility of the athlete and not the Governing Body. This could be around £160.

If the athlete already has an approved and valid TUE from the International Paralympic Committee there is no need for that athlete to re-apply to their relevant National Anti-Doping Organisation.

Further information on doping control, the Prohibited List and TUEs can be obtained from the World Anti-Doping Agency's website: www.wada-ama.org
