

Amateur Swimming Association

ASA Board – June 2009

National Event Entry Fees

In 2006 both the ASA Board and British Swimming Board agreed a paper whereby the entry fees for British Swimming and ASA events were re-aligned to ensure parity. It was further agreed to increase entry fees every two years by 25p providing inflation remained broadly the same.

The British Swimming Board has agreed to retain this agreement and to raise fees by 25p in 2010 for a two year period i.e. 2010 and 2011.

The only exceptions to this are as follows:

1. Masters: A revised charging methodology has been agreed with the Masters committee to encourage swimmers to participate in a higher number of events. It is recommended that no change is made to these fees in 2010 and 2011.
2. Synchronised Swimming – Trio. The cost of this event in 2008 and 2009 was higher than the team event and therefore this anomaly has been addressed in the attached proposal.

Recommendation

The ASA Board approves the attached fees for the period 2010 and 2011.

Jane M Nickerson
Chief Operating Officer

Event Entry Fees 1st January 2010 to 31st December 2011
